

# TARARUA DISTRICT DRIVING SIMULATORS

## WARNINGS!!

Before using the Virtual Reality (VR) headset please read the following carefully:

**VR can cause motion sickness if set up incorrectly, or if you are currently experiencing the following:**

### DO NOT USE IF...

#### DO NOT USE IF...

- You have a pre-existing serious medical condition (such as a heart condition, epilepsy);
- You have a psychiatric condition (such as anxiety, PTSD);
- You experience motion sickness in a real car or boat;
- You have recently consumed alcohol or drugs, or are hungover;
- You are pregnant, or elderly and your doctor advises against it.

#### PHOTOSENSITIVE SEIZURES

Like other products that produce visual effects (including light flashes), the headset may trigger epileptic seizures, fainting, severe dizziness, or nausea, even in people who have no history of these conditions.

If you have a previous history of epilepsy or seizures, loss of awareness, or other symptoms linked to an epileptic condition, consult your doctor before using this product. To reduce the likelihood of a seizure do not use the product if you are tired or need sleep.
